Newport Daily News

FRIDAY MORN'G, APRIL 23, 1858.

Wednesdays' Election.

Reviewing the election of Wednesday, we are struck with the equal division of the City Government, between the respective Political Parties. Of the Alderman elected the Republicans have two, Dennis and Hopkins, the Americans one, Stevens, and the Democrats two, Freeborn and Cranston.—Of the Councilmen, the Republicans have four, Carr, Coggeshall, Caswell and Peckham, the Americans have three Stoddard, Taylor and Townsend, and the Democrats have two Underwood and Congdon both in the fifth Ward—and there is one vacancy.

The highest majority given was for Councilmen Coggeshall, 183, and the lowest was Underwood, 16. [illegible]

Mayor Cranston had the field to himself, and recieved the largest majority, ever given in Newport, for any individual, to our knowledge, 764. It is very remarkable that some of those who last year opposed his election most violently, were this year his warmest friends, and advocates, and no better evidence need be adduced of his entire fitness for the position, and the universal satisfaction he has given, than the fact that [illegible] were cast against him in the entire city.

[illegible] has given us more entire satisfaction, than the election of John D. Dennis over John W. Sherman in the Second Ward. Mr. Sherman was entitled to our utmost exertions in opposition to him, on account of his conduct in relation to the city printing in 1857, but being satisfied that the people of his Ward esteemed him as highly as we did, and were determined to see him defeated, we stood aside to behold the spectacle.

The election of Philip Caswell Jr., was likewise particularly gratifying, a spontaneous nomination made on the morning of the election, he swept the Ward handsomely, against his "regular" opponent, and we are sure from his past history as a business man, that he will make an efficient, and excellent Councilman.

Coggeshall's election was foregone conclusion, *everybody* wanted him. The Second Ward has now passed into *young, energetic* and *business like hands.* We hope forever.

In the Fourth Ward, one Councilmen is yet to be elected. Mr. Weaver is no longer a candidate, and we hope a good man will be named in his place, that can be elected.

In the Fifth Ward Alderman Weaver has been surplanted by W. S. Cranston, Esq., a democrat, but an honest man and one who will do justice to his constituents, and we presume give us a hearing provided we should ever again plead for the CITY PRINTING, which we shall probably not do until we are satisfied that fairness is intended as well as outwardly expressed.

We are upon the whole, better satisfied with the results of our city election Wednesday, than with any preceding one since we have been a resident.

The New York Street Commissioner Quarrel has taken a new shape. After the "municipal independence of New York" has been satisfied by the judicial decision in favor of Devlin, Mayor Wood's very appropriately named man, the municipal dignity of New York has aroused itself to an effort and Devlin has been unanimously removed from office by the City Council, on charges brought by the Mayor. Edward Cooper has been appointed in his place. He is said to be well qualified and an honest man; or was when he was appointed. He has been in office in New York all day, and it would not be safe to say what he is now.—*Prov. Jour.*

MAYOR WOOD BEATEN IN TAMMANY.—The Wood party was thoroughly beaten in Tammany Hall. The annual election of Sachems and other officers took place on Wednesday evening, and the Wood ticket was beaten by a vote of nearly two to one. The Ex-Mayor had made immense exertions, and had organized a secret society to [illegible] Wood at the head of the Democratic party, and would have more than compensated for his laggard defeat in the city.—*Prov. Jour.*

A lady resident near Rome, Italy, became convinced that in some part of her large estates were buried treasures of enormous value. Evil spirits, however, prevented her from finding them, and these a *strega* or witch told her she could appease only by the sacrifice of a boy of good parentage, under six years of age. A month ago she set her eye upon the little son of an English lady, and enticed him from his mother. Attempts to recover him were resisted by force, and by flight from place to place. The little fellow was finally rescued and evidence was obtained that he was to have been sacrificed at her house on Christmas day. An altar had been prepared, with wax torches and all kinds of accessories, to immolate the boy to Satan! The woman is on trial for witchcraft.

THE COMING SUMMER.—We hear that the Earl of Rosse, F. R. S., one of the first astronomers in Europe, has told a gentleman in this neighborhood that he anticipates one of the most intensely hot summers this year that has ever been known, and he advises farmers to build up sheds for their cattle, by way of protection against the ex[illegible].—*English paper.*

[illegible] the New York [illegible] *Journal*, predicts that a dissolution will soon take place in the Bible, Tract, and other great national societies.

Accident to the Steamer New Clifton.

We learn by telegraph that the steamer New Clifton, which has been for a week or two past plying between this city and Providence, broke her cylinder yesterday afternoon and was consequently unable to make her regular trip from Providence.—The mail came last night by way of Fall River and was opened on its arrival. By a NOTICE in our advertising columns it will seen that the public will be promptly informed as soon as arrangements can be made to put another boat on the route.

Religious Crisis in Newport. No. V.

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. *Phil. IV*, 8.

"It is an undoubted fact," says an English writer, "that a very large proportion of those whom we believe to be real Christians, are mere babes in knowledge. They have just enough instruction to know that they are sinners, and that salvation is all of grace through Christ Jesus. How contracted is their view, how feeble their perception of divine truth! Instead of walking amidst the splendid light and varied scenery of revelation with the joy and confidence of those who have clear and strong vision they are groping along with the fear and hesitation of men who are partially blind."

Those who have developed no higher type of Christian character than this have found themselves wholly unprepared to breathe the moral atmosphere of our Island during the Summer. And yet we cannot resist the impresion, that the religion of Jesus has thus been dishonored, by many of our people, as well as by strangers. Said a fashionable Lady to a Friend there are so many peculiar temptations to yield to the claims of society that I find it impossible to be pious in Newport." It was suggested in regard to this lukewarm professor that it would be a sad thing if she should be called to die in a place so unfavorable to the growth of piety.

We have great encouragement to hope that it will not be so difficult in Newport to cherish and keep alive a flame of devotion in the heart during the coming season.—The present revival of religion has aroused many in all parts of our land, who have hitherto had "but a name to live while they were dead." Their icy hearts have melted into contrition by the power of Divine grace as they have now consecrated their entire being to the service of Christ, they will be "living epistles seen and read of all men." If they come to us with their hearts glowing with love to the Saviour, it will be their delight to labor for the spiritual good of all with whom they come in contact. How many who have hitherto "been lovers of pleasure more than lovers of God" now find their pleasure in His service! Such travellers will carry a blessing with them wherever they go, as did the early disciples, when they were scattered abroad. To such who may visit us, this lovely Island will indeed prove an Eden for they are prepared to appreciate and enjoy all the beauties of nature which God has endowed it with.

We cherish the hope that many of our Summer visitors will come to this Island with hearts thus attuned to the harmonies of nature. To such, we have a duty to perform. They must be sought out and welcomed to our little circles of prayer where an hour will be spent in sweet communion with their Saviour and with their fellow travellers to eternity. The daily services of God's House which are now so precious to His people, may necessarily be less frequent, when business and domestic cares press heavily upon those who are bearing the heat and burden of the day.—But the Christian must pray without ceasing—in the closet—in the social circle at the family altar, and even amid the pressure of business cares and of domestic avocations—every where must the heart be lifted up to God, that the Revival which is now in progress, may not be interrupted by the return of Summer.

Let us therefore come boldly to the throne of grace that we may obtain mercy and find grace to help us in time of need."

"Onions," Dr. Hall says, "are one of the most nutritious, healthful and degestable article found in our markets." We never ate one to our knowlecge, and never expect to: we can smell them a mile off, perhaps. A few grains of roasted coffee eaten immediately afterwards, or a teaspoonful or two of vinegar swallowed, removes at once the odor from the breath. If onions are half boiled, the water thrown away, and are then put into soup to be boiled done, the odor will be but little noticed.

The Accident to the Leviathan.

The London *Times*, of the 7th, gives the following particulars:—

On Monday, the northeasterly squalls which broke across the river, were most violent, now and then blowing with all the force of a full gale. The worst squall was at one o'clock, on Monday; pressed by the whole force of this, the 160 fathom mooring chain on the port bow rose up from the water, and, after remaining as rigid as a bar of iron under the tremendous strain, parted about twenty feet below the hawsehole.

The link which gave way went off into the centre of the river, as if fired from a cannon; and the vessel having thus parted its main stay, inclined toward the Deptford shore, and became still more open to the sweep of the wind and tide. What followed was then a matter of course, and one after another, the whole of the remaining mooring chains parted like packthreads in the course of a few minutes. As each went, the Leviathan's bows drove nearer and nearer to the Deptford side. Fortunately, there were only a few small vessels inside her, the one immediately next her being an old barge for sale, which acted as a fender to the vessels beyond. On these the big ship pressed until neither wind nor tide could move her any further, and so she remained without injury to herself or others. It is now intended to lay down, in place of the old mooring chains, part of the new cables of the Leviathan herself and which were tested to a strain of 150 tons. If these chains had been completed at the time the moorings were laid down, none others would have been used.

C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you with most happy results. On the 30th of June, last, my hair (which had been gray for more than six years) was fast falling off; but on the third application of the Balm it ceased falling, and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

Mr Mason, Sir—I write to inform you how pleased I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm; I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and glossy.

Very respectfully, SARAH LYON.

Another New Original Story,

ENTITLED

THE OCEAN WANDERER:

OR,

ADVENTURES ON LAND AND SEA,

In which the author depicts, in graphic style, the Startling Scenes and Romantic Adventures of Life as a Sailor before the Mast. The narrative of the "OCEAN WANDERER" is a bold but truthful Picture of the most Exciting Incidents in every quarter of the Globe, in which are portrayed the chivalry, daring, freaks, follies and superstitions of the Sailor; together with the tyrannies and brutalities to which he is too often subjected by the officers who command our vessels. Some of these scenes develope a refinement of cruelty and a systematic torture that cannot fail to send a chill of horror through every civilized community! This is the dark side of the picture. "A Life on the Ocean" has its sunshine as well as its storms—its pleasures as well as its pains—and the author has most happily and forcibly presented these various phases of life on the great deep, in the progress of the "OCEAN WANDERER."

The descriptions of the manners and customs of the Natives of the "far-off Isles of the Sea," among whom the author passed a portion of his Eventful Life, are full of interest. He carries the reader through the delightful groves where the banana and cocoanut grow—and anon takes him far away into the solitary forests of Tropical fruit, which are only to be found in the Isles of that clime "where summer reigns eternal"—passing in rapid succession before his mental vision a panorama of the most gorgeous Pictures in the world. Amid this delightful scenery, after all hope of ever gazing on the glorious stars and stripes of his native land, or seeing the friends of his childhood again, the author makes a discovery of the most startling character which changes the whole current of his adventurous career. "The Ocean Wanderer finds himself at home among the natives."

There is a reckless daring in the life of the Sailor which is unaccountable. He pursues his perilous calling with an infatuation which amounts to idolatry. It is this spirit which carries our commerce to the remote quarters of the globe—which whitens the ocean with the sails of the merchantmen, and unfolds the flags of all maritime nations in every port of the known world. This daring and adventurous trait in the character of the sailor leads to explorations far into the icy regions of the North, where eternal winter reigns, or brings to the knowledge of the world the mysteries of the tropics. When perverted, this strange infatuation leads its victim to enlist under the black flag of the Pirate, who lies in wait on the great highway of the ocean for his defenceless prey. The author of the "Ocean Wanderer" takes the reader through every phase of the life of the sailor, its romance, delights, perils and temptations, on sea and on shore.

Young man! before you leave the comforts of a quiet home on shore for a life on the great deep, read the Adventures of the "Ocean Wanderer!"

Fond mother! before you consign your darling boy to the tender mercies of the tyrants of the sea, read the experiences of the "Ocean Wanderer!"

Fair maiden! before you consent to a separation from your lover for a long voyage at sea, to enable him to earn the means of making you comfortable and happy, read the Life of the "Ocean Wanderer." Count well the cost before the fatal rubicon is passed!

How many gallant ships have left our ports, never to be heard of again—leading those who had friends on board to watch long and anxiously for tidings of the missing vessel, while she was perhaps rent into a thousand pieces by the hurricane, typhoon, or some treacherous reef, far out in the sea—and her passengers and crew engulphed in the ocean depths! While fond hearts were living in the earnest, yet vain hope that absent friends would return home again, perhaps their bones were bleaching in the waters of the great deep! In these terrible disasters some are spared from sudden death to undergo the horrors of starvation and delirium on the fragments of the wreck, while others are cast on some barren and inhospitable island, to end their days among savages, or in a terrible solitude where no human foot had ever trod, and where no human voice was ever heard! The author of the "Ocean Wanderer" vividly brings before his reader some of these startling adventures and terrible realities.

Many a good ship, after having been plundered—her crew and passengers butchered—has been scuttled and sent to the bottom of the ocean by the Freebooter, whose terrible motto is: "Dead men tell no tales!" In this connection the "Ocean Wanderer" gives the adventures of the daughter of one of the merchant princes, whose ships were on every sea, which cannot fail to excite the most intense interest. Well may it be said that "mere Fiction fades before the lights and shades of Reality, when we venture out on the bosom of the great deep."

The adventures of the "Ocean Wanderer," while they possess all the attractions of a work of fiction, cannot fail to be more widely read than any mere creation of the imagination. The author has participated in the events and scenes he describes. The incidents and adventures condensed in this work would have furnished the florid romancer with material for half a dozen novels, but the author has chosen rather to tell us just what he saw, omitting unimportant events and grouping only those incidents which have an important connection in the career of the "Ocean Wanderer." If this narrative imparts but half the interest to the general reader, produced by the reading of the manuscript, it will create a greater sensation than any work of its class published in many years.

"Buy Me and I'll Do you Good !"
Now is the time to use the Great Spring and summer Medicine.
Dr. LANGLEY'S ROOT AND HERB BITTERS.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.,—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many diseases—Jaundice in its worst forms, all Billious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

If taken in large doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

Price only 25 cents for the pint, and 37 1-2 cents for the quart bottle.

HELMBOLD'S
GENUINE PREPARATION,
OF
Highly Concentrated Compound
Fluid Extract Buchu,
For Diseases of the Bladder, Kidneys, Gravel Dropsy, Weakness, Obstructions, Secret Diseases, Female Complaints, and all Diseases of the Sexual Organs,
Arising from Excesses and Imprudencies in life, and removing all improper Discharges from the Bladder, Kidneys, or Sexual Organs whether existing in
MALE OR FEMALE.
From whatever cause they may have originated,
And no matter of how long standing, giving Health and Vigor to the Frame, and Bloom to the Pallid Cheek.
JOY TO THE AFFLICTED!
It cures Nervous and Debilitated Sufferers, and removes all the sympthy among which will be found

Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horrors of Disease, weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite, with Dyspeptic symptoms, hot hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently black spots flying before the eyes, with Temporary Suffusion and Loss of Sight; Want of attention, Great Mobility, Restlessness, with horror of society. Nothing is more desirable to such patients than solitude, and nothing they more Dread for fear of themselves; no repose manner, no earnestness, no speculation, manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows Loss of Power, Fatuity, and Epileptic Fits—in one of which the patient may expire. Who cannot say that these excesses are not frequently followed by those direful diseases of *Insanity and Consumption!* The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither mirth or grief ever visits it. Should a sound of the voice occur it is rarely articulate

"With woful measures wan despair
Low sullen sounds his grief beguiled."

Debility is most terrible! and has brought thousands upon thousands to untimely graves thus blasting the ambition of many noble youths. It can be cured by the use of this
INFALLIBLE REMEDY.

If you are suffering with any of the above distressing ailments, the *Fluid Extract Buchu* will cure you. Try it and be convinced of its efficacy.

Beware of Quack Nostrums & Quack Doctors who falsely boast of abilities and references.—Citizens know and avoid them, and save long suffering, money and exposure, by sending or calling for a bottle of this popular and Specific *Remedy.*

It allays all pain and inflammation. Is perfectly pleasant in its taste and odor and immediate in its action.

HELMBOLD'S
EXTRACT BUCHU
Is prepared directly according to the rules of Pharmacy and Chemistry, with the greatest accuracy and chemical knowledge and care devoted in its combination. See Professor *Dewees'* Valuable Works on the Practice of Physic, and most of the late standard works of medicine.

d 19—y R. H. STANTON.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

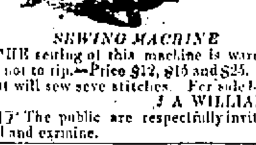

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured, Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arising from the derangements of the body, these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patent granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.

MISCELLANEOUS.

J. RUSSELL SPALDING'S

ROSE MARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates, the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many other that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country. n26—

LOTTERIES.

Maryland State Lottries.
F. FRANCE & CO., MANAGERS.

CAUTION NOTICE.

PERSONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from $20,000 to $40,000 head their schemes—with tickets at One Dollar. $100,000 Capital Prizes are offered, tickets $5. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Lottery in the United States which is legally decided by the Maryland Drawings; all other Lotteries which purport to be decided by the Maryland Drawings are frauds.

THE MARYLAND STATE LOTTERIES.

Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering in the Maryland Lotteries, you are sure of fair and honest drawings.

One thing look to, and that is, if you order from any licensed vender in Baltimore, do not receive any but Managers' Tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the numbers printed, and have the lithographed signature of R. France & Co.

No one has a right to send his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.

R. FRANCE & CO.,
f17 Managers of Maryland State Lotteries.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $40 to $60,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

S. SWAN & Co., AUGUSTA, GEORGIA.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 100,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

T. HUBBARD & Co.
No. 39 Fayette st., or Box No. 40,
jy27 Baltimore Maryland.

☞ The Drawn Numbers of the Maryland Lotteries are published by the State Commissioner in the following Papers, viz., Sun, Clipper, Patriot, American, Argus, of Baltimore; also, the National Intelligencer and Union, of Washington, D. C.

HOWARD ASSOCIATION
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as **Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis,** the Vice of **Onanism,** or **Self-Abuse,** &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.
